Director, DDS&T Career Development Course

SUBJECT: Appreciation for Career Development Course Briefing

I wish to thank you for meeting with the Career Development Course and explaining the structure and functions of the National Intelligence Council. You helped eliminate the mystery that the NIC held for most of the class members, the majority of whom are involved in intelligence collection. For a course such as CDC to achieve its objectives, it is essential to be able to meet with senior officials such as you. Thank you for your support.
